Category Name Data Server (DSS) Design

Actionee Project (Kobler)

Sub Category

Subject Alternative distribution compression options

Description of Problem or Suggestion:

UNIX compression option on distribution of data to users is too limiting.

Originator's Recommendation

Add at least one additional, non-UNIX compression option catering to PC and MAC/www users (e.g., GZIP).

GSFC Response by: Ben Kobler

GSFC Response Date 9/30/96

ECS (Data Server) will incorporate an additional compression method which is publically available as an ESDT service. This second compression method should be recommended by the user community.
